

# Muhammad Huzefa Abbasi

MERN / REACT NATIVE DEVELOPER

+92 3328187814 | [huzefaabbasi6@gmail.com](mailto:huzefaabbasi6@gmail.com) | [Website](#) | [Github](#) | [LinkedIn](#)

## Summary

---

Motivated Mobile and MERN Stack Developer with experience in React Native, MERN, and AI. Skilled in building scalable apps and REST APIs. Passionate about solving technical challenges and creating innovative solutions.

## Experience

---

**Qwerty Experts | Mobile Application Developer Intern** **July 2024 – August 2024**

Enhanced mobile app development skills using React Native, Node.js, and MongoDB. Focused on building user-friendly applications and addressing technical challenges. Contributing to innovative projects and improving development practices

## Education

---

**COMSATS University, BS Software Engineering** **2021- Present**

CGPA: 3.85

## Projects

---

**Honour (FYP-Ongoing) | React Native, Python**

Leading the development of an AI-powered career counseling app providing personalized career recommendations based on user data and job market trends.

**College Fee Management System | MERN**

Led the development of a MERN stack-based solution in a team of two for a college, enabling digital fee management, financial report generation, challan printing, and efficient user access control.

**Smart Invest | React Native, Node.Js**

Contributed to a team where we worked on front and backend development using TypeScript. We used React Native for the front end, and Node.js with MongoDB for the backend.

**Influencer Advertiser System | Node.Js**

Developed the backend for an influencer-advertiser platform, implementing authentication, profile management, gig interactions, and order placement using Node.js and MongoDB.
